SB210

I am writing to express my opposition to proposed Senate Bill 210 as I believe that mail-in voting should remain the standard method for conducting elections in our state. Participating in elections should be easy and accessible for everyone, and mail-in voting allows this. Individuals with physical limitations, and those whose schedules may not accommodate waiting at a polling place for hours on a workday, deserve to have their voices heard in elections just as all voting age people do. Repealing mail-in voting would result in lower voter turnout, and would effectively bar a portion of the population from exercising their right to participate in the electoral process.
