

Submitter:

Ole Olesen

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Although I have enjoyed voting at polling stations in California and Idaho during my residencies there, I value Oregon's current mail-in system. I trust the registration verification process and am proud of the voter participation statistics. I will be deeply saddened if enough fearful legislators are found to vote to "protect" us from a non-existent problem.
