

Submitter: Janine McGraw

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

In person voting presents barriers for disable voters, rural voters, those with both traditional 9a-5p jobs and non traditional jobs unable to get time off. It presents barriers to persons without transportation and reduces equitable access to voting. It can also add unnecessary costs. My hope is to advocate for continued support of increased access to voter polls and reduced costs for all Oregonians.
