

Submitter:	Jonathan Hill
On Behalf Of:	SB210
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Oregon is a shining example of how voting can be more accessible and equitable to everyone. With voting by mail, I am able to sit with the material, do my own research, and make sure that I am making the most informed decision I can. This is what we should be striving for in our democracy. We should not be making it harder to vote, which is what repealing the mail-in-vote process would do.
