

Submitter:

Nancy Padberg

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

We MUST keep voting by mail in place!! It is essential!! These are the issues that prevent voting in person:

Illness on voting days, disability, parents with sick kids, weather that prevents driving or standing in line. Not everyone has a car to get them to vote. Remember the weather issues people had in the east!!! People work on voting days and MANY can't take time off work to vote! Vote by mail should be available across the country!! WHY would we want to restrict voting?? Is it because some people in power want MORE power. NO!! KEEP VOTE BY MAIL!
