Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote by mail allows all citizens to vote in a thoughtful and humane manner. Long lines, missed work, and inaccessibility for many makes returning to voting in person seem like a giant step backwards. This bill is essentially a voter suppression bill making it more difficult for many to have a voice in government. Do not pass this bill. Keep Oregon at the forefront of mail in voting. Our system is safe and secure.
