

Submitter: John Barber

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Oregon's vote by mail system has been a spectacular success and should be a shining model to the rest of the nation. I moved to Oregon in 2007 from a state with in-person voting and have worked at local boards of elections during elections in both states. I can attest that Oregon's vote by mail system is thoroughly superior, for both voters and election officials.
