Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I oppose the limiting of voting to in person for several reasons, the primary of which is that this targets specific portions of our population. I also do not believe that anything which makes it more difficult for our population to participate in government is right or just. Mail in voting has been proven safe for many decades and this attempt to remove it does nothing but hurt hardworking Americans who due to said hard work would have difficulty getting to polls on election days.
