Measure, Appointment or Topic: SB210

I am writing to express my strong opposition to this measure to change our voting system. Our existing system for voting works very well and does not need to be changed. With our existing voting system we have some of the highest voter participation in the country. It is easy for our citizens to participate, it is very low cost, it is extremely safe and secure. The majority of Oregonians voted for and have long supported our existing mail-in voting system. It is especially valuable for those living in rural districts.

I am highly suspicious of this proposed bill and the people pushing it forward. This seems to be an attempt to sow chaos and destroy our voting system to make it harder for everyone to vote. There is no solid factual reason to make these changes. My question is, who really benefits from this change? Oregonians want to keep our vote by mail as it is, with no changes.

I expect you to Vote NO on this bill. Keep our mail-in voting system as is.
