Measure, Appointment or Topic: SB210

I oppose SB 210 and urge you to do the same. Oregon has had voting by mail for decades and there has been absolutely no evidence of widespread fraud. In contrast, mail-in voting results in better voter turnout and improved accessibility in voting to those in more marginalized communities that face barriers to in person voting. As a country founded on the principles of democracy and enacting the will of the people, we should be lowering barriers to voting whenever we can reasonably do so. There is simply no reason to overturn a system that has worked well and continues to work well for the citizens of Oregon. Vote no on SB 210
