Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is a terrible idea. It's voter suppression. Not everyone can get the day off work in order to vote, nor do some folks have transportation. I appreciate mail-in voting immensely. If passed, this bill will eliminate a lot of votes - stripping people of their rights - because it makes the process so much more difficult. If you support that, it's un-American and anti-democracy and you should be ashamed of yourselves. Support everyone getting the ability to utilize their right to vote. Vote NO on this bill.
