Elowyn Hutchins

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I believe SB 210 would only harm those in our community and our voters. Mail in votes are secure and have worked securely in their time used in Oregon. They also aid in equal voting for disabled citizens, citizens who can't easily drive, those who can't take time off work or away from caring for family, and many more. It has personally helped me as someone who doesn't have a car and can't easily take days off to go out somewhere. Making in person voting the standard when what we have works, works well, and makes voting more accessible and equal to all members of our state is unnecessary and in fact harmful. Mail in voting should still be standard and available as Oregon's main form of filling out and turning in ballots.
