

Submitter:

Connie Turcott

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have lived in Oregon my entire life, so voting by mail is all I've ever known. I cannot imagine voting any other way. I am a nurse and cannot leave my patients to drive to a polling place to vote. Voting by mail is convenient and has been proven safe time and time again. Do not let the current administration use fear based rhetoric to make it even harder for people to exercise their right to vote.
