

Submitter: Jared Prophet

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I became a registered voter and voted in several elections before the current form of voting. Having to get time off work to go to a place at a time was an uphill battle. I opted in to absentee ballots the moment that became an option and was beyond THRILLED when it became standard.

Other states should be adopting the Oregon way. Oregon should not be adopting the broken policies of failed States.
