Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Voting by mail in Oregon is one of the great benefits of living in this state. There has been no substantial evidence I know of proving that people mailing in ballots are not qualified registered voters. Filling out the ballots in my home allows me to take the time to thoroughly research each person or measure prior to dropping in ballot box or mailing. Much better than standing in a booth hoping to remember how you wanted to vote on each position or amendment.

As a senior citizen I also find it physically much easier to vote by mail. The thought of having to stand in line for any length of time is daunting.

Also voting by mail saves working citizens and businesses time and money.

If it becomes necessary by law to present identification whenever voting, please consider still mailing ballots out and check identification when turning ballots in.

Please do not change a good working voting system.
