Strongly oppose this bill proposal to stop mail in voting. This is only a ploy by the fascist regime to suppress voting and prevent access. Vote by mail has been proven over the years to be the safest form of voting with little to no fraud. This system allows people who work, students, disabled, caregivers, and others who would have difficulty getting to the ballot box on the day of. The majority of Oregonians support vote by mail because we believe that every citizen has the right to have access to voting, and when more people vote, democracy wins. When voting is suppressed, Nazis win. I refuse to let Nazis win. Fuck you for trying to destroy democracy.
