SB210

I love our present voting system! It is so much easier and safer and gives everyone an equal opportunity to vote. When I was working in the O.R. I often couldn't get to the polls on time, because of emergency cases. Since mail in voting began, I have never missed an election. I am too old to stand in a long line anymore but I will always be able to vote by mail. Please vote no on SB 210!
