I am opposed to this proposed change. Please keep our current mail-in ballot system. By allowing Oregonians to mail in their ballots, they have more time to study the candidates and issues and simply vote at their kitchen table. This eliminates the stress of driving to your assigned polling station and reduces air pollution. The current system has worked flawlessly for decades and has not shown to cause any kind of voting fraud. Thank you for allowing me to submit this testimony and for reading it!
