To tax or Not to tax...(so what's the question) ?

Trump Likes a Tax... and a Tariff on alcohol... fact a \$50 bottle of wine could go up to \$150 a bottle... And If Oregon adds another tax on alcohol...

At least it would show bipartisanship :)

But Oregon could might do better... tax Pot... tax white drugs, tax vape and anything EV over the pcbs.

Tax the vice... maybe people will go black market and compete with cartels.
