

Submitter: Dallas Holladay

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

This measure is an attempt to suppress working class voters, voters with medical conditions, disabilities, transportation and mobility challenges. It is undemocratic and decidedly not the political culture Oregon wants to foster. There are powers in Washington DC thrusting this country toward fascism and we have an obligation to resist here at home by swiftly and decisively defeating trash legislation like SB 210.
