SB210

I oppose SB210. For one it would prevent many people from being able to vote. Where I work only a very small number of people are allowed to take a day off at the same time unless they are sick. That doesn't even address those who work in emergency services, are physically disabled to the point they get out of their house, senior citizens who also have the same issue, people who had to leave the state on either a vacation or to handle a family emergency. Not to mention this would also disqualify people like me who had their photo id's go missing and/or had them stolen, but can't afford all the fees to replace them. So unless this bill gets rewritten to allow for absentee ballots to be mailed in I will strongly oppose this bill.
