

Submitter:	Vanessa Jacobs
On Behalf Of:	Myself
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Oregon has implemented mail-in voting successfully for decades. It allows registered voters to participate in the process regardless of age or mobility or place of residence.

There has been very little substantiated voter fraud or misuse. The system WORKS and rather than being rejected should be the standard for the nation. Please don't allow the misguided ideals of a few in DC to determine how we in Oregon operate. Reject this bill
