

Submitter:

John Ingle

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I chose to live in Oregon to get away from fascist tactics like voter suppression by restriction of voting time and place. This bill is Republican dogma designed to erode turnout. In order to conserve the existing vote by mail system set in place by an overwhelming majority of Oregon voters more than two decades ago, this bill should never make it out of the committee.
