Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I oppose requiring in-person voting because the barrier to entry for participating in a democratic election must be kept low. In today's climate, politics is extremely polarized. Not every citizen would feel safe going to a polling place in person. Not to mention circumstances outside of ones control that may prevent them from physically participating. Polling booths would also waste taxpayer funds. SB 210 is illogical and I fear it is not introduced in the People's best interest.
