Measure, Appointment or Topic:

SB210

Voting by mail makes it possible for working people to vote without having to take time off and lose pay. It has been an Oregon tradition for decades now and definitely contributes to more voter participation in elections. Please don't repeal this great system as it works well for all voters, especially those who work, have small children, are elderly or lack transportation. Having to go through a special process to request an absentee ballot will mean that a lot of people are disenfranchised.
