

Submitter:

Robert Butler

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

SB 210 will make it very difficult for the senior population even more so in rural Oregon to vote. It might be the deal breaker for me, not to go vote. How can this possibly make it better to vote? Is there that much corruption in the system to implement something like this? If this was on a ballot, I would not support, it.
