Measure, Appointment or Topic: SB210

I have been analyzing presidential elections for the past 20 years and have found that there are good reasons why Oregon stands out as being a state with a high voter turnout, compared to the rest of the nation. A major reason is our mail-in ballot approach. It has proven to be one of the most safe and secure systems across the nation. Why mess with this kind of success? We need to oppose SB210.
