Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has been voting by mail for more than 20 years with a secure and successful system that brings convenience and ease of voting to all Oregonians. I strongly OPPOSE this bill that seeks to make voting more difficult. Oregon needs to continue to make voting as easy and inclusive as possible for all, and to move democracy forward, not backwards. What's next, voting by chiseling our X in stone?
