SB210

OR has the best voting system in the US. Mail in or drop off ballots increases voter turn out giving more citizens a voice in democracy. I am adamantly opposed to any change to a mail in ballot system of voting in Oregon. Voter fraud has been proven to not be an issue and any effort to take away mail in voting on the pretense of voter fraud is misleading at best. Mail in voting eliminates discomfort of standing in line and the intimidation that can happen at a polling place. I have been harassed or made feel uncomfortable at polling places in NC when we lived there. Keep Oregon voting as it is.
