I trust my paper ballot, mailed in or dropped off at a ballot box near me, more than I do electronic voting machines. I do not have to suffer intimidation to vote for someone else's choices rather than my own. I do not have to stand in fear of bullies keeping me away from the voting centers. I don't want to stand in line for hours to vote. I like voting in my own home where I can take my time and explore all that is on the ballot and know that I am well informed with each choice I make.
