SB210

Oppose SB210 and keep Republican's hands off Oregon's vote by mail elections.

I, Melissa Frick Minick of Portland, hereby request the Oregon Legislature to oppose and reject SB 210. Oregon's vote by mail system is one of the best in the entire country. Our state has an excellent turnout rate for elections due to our great vote by mail system. Our vote by mail system is secure and trustworthy. Most people are enrolled by the DMV which verifies our identity and birth certificates. I get a text when my ballot is coming in the USPS secure mail. I get a text when my ballot is received back by my County.

Republicans are attacking vote by mail because it is in Trump's playbook of voter suppression and falsy accusing our elections as fraud. Tell Republicans "Hands off".
