

Submitter: KM Steere

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail is essential for me and my family. It allows everyone I know to be able to engage in our system of government safely and while being fully informed about who and what they are voting for or against. It allows then the ease and simplicity of voting and either dropping off or mailing their ballot without impacting their work schedule or any other necessary appointments they need to keep.

Removing the ability for Oregonians to vote by mail is simply voter suppression by another name. Shame on the representative from Port Orford for attempting to disenfranchise the people he represents as well as the rest of the Oregonians who are happy with and rely upon our very successful vote by mail system. Shame on him.
