

Submitter:

Beth Hjelm

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

The current voting by mail system extends the right to vote to all Oregonians and supports their participation in our government by making it easy to do. I oppose any attempts to limit participation. This Bill would do exactly that and should be soundly defeated by all members of the legislature, regardless of party, who care about our democratic processes.
