Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Dear State Congress and Senate members,

I have experienced both in person and vote by mail systems. I am highly in favor of the Vote by mail. To change a working system is to reduce the number of persons legally eligible to vote therefore reducing the general population's vote. This is a discriminatory and political bill. I strongly do Not agree with

Oregon has pioneered a universal vote-by-mail system, significantly increasing voter participation and streamlining the electoral process. This system enables voters to receive and return their ballots by mail, providing ample time to consider their choices and participate in elections without the constraints of a single Election Day. The success of this approach has positioned Oregon as a national leader in promoting accessible and secure voting practices.

Oregon SB 210 represents a significant step backward for voting accessibility in Oregon. By dismantling the proven vote-by-mail system and imposing restrictive measures, this legislation threatens to disenfranchise countless voters and erode the inclusive democracy that Oregonians have long championed.

I am NOT in favor of a bill to re work a system that works for myself and other constituents. This is a bad bill for Oregon.

Kurt
