Senate Committee On Rules

Measure, Appointment or Topic:

SB210

The mail in voting system has worked extremely well in increasing the number of citizens who vote in Oregon's elections. I am an 82 year old woman who has voted in every election. Mail in ballots are important for citizens my age who find in person voting very difficult. I am unable to stand in lines because of physical limitations. Oregon has shown its desire to foster voting by making it as easy as possible for citizens to complete and get in their ballots. This is not the time for the legislature to change our system. The state has responsibility for the election process not the federal government. Keep the current system which supports voting rights.
