

Submitter:

Michelle Harvey

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote by Mail supports citizens' right to vote. It creates equal access to people with physical limitations, seniors, and working Oregonians who are not given time off work. If you choose to pass this we must also make elections statewide holidays so that ALL employers are required to give employees time off work to exercise their constitutional rights and provide transportation for those with limited means.
