Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has been voting by mail for nearly 30 years. There is clearly no problem with mail in voting. Repealing mail-in voting is a bald-faced attempt from the right to suppress the votes of the poor, rural Oregonians, the working class, elderly Oregonians, and so many more groups that the right cannot get the vote of with their fascistic policies. It is imperative that we trash this attempt to disrupt our democratic system. I am appalled to learn this is even being entertained. Throw. It. Away.
