

Submitter:

Colleen Schlona

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose the return to in-person voting. Being able to vote by mail allows citizens to review the voters guide while filling out their ballots, leading to better-informed voters. Vote by mail also allows employed voters to not take time away from their already busy days, between work, home, family, and other responsibilities.

Reject SB 210!
