Do not let the fucking Republican shitbags in this state change our voting laws. It is part of a nationwide attempt to rollback voting rights in service of allowing them to steal our elections easier. Using false data, Republicans and their mouthpiece have creates a perception in the minds of our most uninformed citizens that there is an epidemic of voter fraud. This has been widely debunked that there is widespread fraud being committed on behalf of Democrat candidates. Despite the fact that it is NOT happening, thousands of legal voters have been thrown off voter roles in other states and the few that manage to get to vote are often forced to vote on provisional ballots that are often not even counted. Do NOT allow them to break our excellent voting system that we have the privilege to have in this state too. Honestly, their efforts here should disqualify them from even holding office in this state.
