

Submitter:

Dwane Hanson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support this measure as it would do much to not only strengthen the security of the elections but would also reassure Oregon voters the integrity of the elections are secure. With the country so divided the last thing we need is a even a hint of doubt or shadiness in the election process. As it currently stands Oregon election laws do not give voters that confidence. High voter turnout in and of itself is wonderful but does nothing to instill confidence in the stability or integrity of our elections.
