

Submitter:

Margaret Cotner

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please let do not get rid of vote by mail. It's one of the best things in Oregon. It's easy, better allows for time to weigh the issues, it's private, you don't have to stand in line, no risk of being threatened at a polling place, and is just a very sensible approach to voting. Those trying to rid the state of vote-by-mail are not trying to make the system better, they are trying to destroy something that works perfectly well for Oregonians. Please do not make in-person voting the standard in Oregon.
