

Hello,

My name is Scarlet Heupel and I am an Oregon Resident and have been for the last 10 years. We should not abandon our mail-in voting system. This system allows people to vote without taking time off work or traveling. Removing this system will suppress access to voting for some Oregon voters. Every vote should matter and be heard. Upcoming requirements to vote should be enough to screen for who is a citizen or not.

Thank you,
Scarlet Heupel
