

Submitter: Bev Dunigan

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I am writing today to discourage the Senate from further entertaining SB210, which will eliminate Oregon's very successful vote-by-mail election process.

Eliminating vote-by-mail will result in the suppression of votes by the elderly and physically disabled who are not able to make it to a physical polling place.

As we are all aware, there is very little evidence of voter fraud in vote-by-mail. Elections not done by voting machines can't be corrupted.

Claims of voter fraud in a vote-by-mail election are a diversionary tactic brought about by extreme Republicans who are eager to do the bidding of the current resident of the White House in an attempt to curry favor as he and his "staff" work diligently to upend the founding principles of our government.

Please help Oregon keep its vision as a beacon of democracy. I urge you to kill SB210.
