

Submitter: Jennifer Minniti Shippey

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I've lived and voted in Oregon, Virginia, and California, and Oregon's exceptional use of mail in voting has been the best! Universal mail in voting increases voter participation, gives voters time to make informed decisions, and creates a more accessible experience of democracy. Oregon is the standard and exemplar for better voting across the US; it would be a backwards move to make restrictive changes such as this bill suggests.
