Mail and voting is the only voting I've ever participated in. I think it's ridiculous that people in other states only have one day to vote and on top of that have to go and standing long lines to cast a vote. This shouldn't even be up for debate or consideration. We have some of the highest turnout in the nation for voting, showing just how awesome voting by mail is. We need to keep voting by mail so everybody has the opportunity to be heard.
