

Submitter: Andrea Van Hagen

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Oregon's vote by mail system allows more voters to participate in democracy. All Americans should support greater participation in this democratic act and others. Voting by mail allows people to take time to research and consider their options and to vote in safety and comfort, without having to worry about taking time off work or arranging childcare. Let's protect our civil rights as Oregonians, not roll them back.
