SB210

My name is Emily Pyle and I'm a voter from 97402 in Eugene, reaching to express my concern that by eliminating Vote-By-Mail it would make it difficult for many to vote thus creating a barrier to the voting process. In particular, not being able to vote by mail in out state's rural areas would force people to drive hours to a voting location. Many cannot take off from work in order to drive hours to a voting center. Repealing Vote-By-Mail would block many eligible Oregonians from exercising their legal right to vote. Our state's Vote-By-Mail system is a hallmark of our inclusivity and commitment to democratic process as Oregonians. I am OPPOSED to SB210.
