SB210

To whom it may concern: voting by mail in Oregon has been successful and safe for many years. It allows registered voters to be able to vote without any hindrance. We implore you to continue to allow voting by mail in Oregon as the normal way to vote now and into the future. It is especially important for people who are older, or who are handicapped, or who do not have transportation. Thank you. Mr. and Mrs. Kenneth G Smith, Talent, Oregon.
