Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's vote by mail system works. The current system is convenient, safe, and offers all registered voters in our state a level playing field when electing officials and weighing in on laws, taxes, etc. A change in the Oregon voting rules is not needed, nor wanted by the majority of voters. Requiring in person voting would be a huge burden on Oregon voters and could result in fewer people participating in our elections. Please vote against this SB210 and support the free and fair election system we already have here. Thank you.
