SB210

I am a 55 year old native Oregon resident and mail in voting is all I know. I remember the old days when my parents would have to take time off of work to go to the fire station a few blocks away to stand in a line to vote. Those days are over. Voting by mail allows me to look over my voter' pamphlet and study it, making the correct decisions for me. Requiring everyone to go in person to vote will only disenfranchise many and elections will no longer be valid.
